

Dear KEEP BOOKS® Customer:

KEEP BOOKS at The Ohio State University strives to provide little books as inexpensively as possible so that teachers, schools, and districts can send books home with children to keep as their very own.

We find that teachers who currently use KEEP BOOKS are best at explaining their use and educational value. We are offering you the opportunity to earn FREE SETS of KEEP BOOKS for your classroom or school by becoming a

KEEP BOOKS® Buddy!

Be sure to check out & share these great themed sets:

- Health & Nutrition 1
- Health & Safety 1
- Health & Safety 2

Please talk to your colleagues in grades K, 1, and 2 about the many benefits you have seen when using KEEP BOOKS in your classroom. In doing so, please use our online resources including a Guide for Using KEEP BOOKS, activity guides to send home to parents, and funding suggestions available at our KEEP BOOKS Buddy site, www.keepbooks.org/catalog-buddy.html. For every 10 sets purchased, we will give you one set of equal or lesser value FREE!*
